## SCHOOL WARRANT

### THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Croydon qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on the twelfth day of March, 1957 at 10:30 o'clock A.M. to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To choose one or more Auditors and such other Officers and agents as the voters may judge necessary.
6. To hear reports of Agents, Auditors, Committees or Officers chosen and pass any vote relating thereto.
7. To see if the District will close the school at Croydon Flat and send the upper grade students to Newport effective in September 1957, and pass any vote relating thereto.
8. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District officials and agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the School Board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To transact any other business that may legally come before the meeting.

Given under our hands at said Croydon this 15th day of February, 1957.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the Citizens of Croydon:

Again this year we have the same grade division by schools. Grades 1-3 are housed at the Village School, Grades 4-7 are located at the Flat School and members of Grade 8 are attending school in Newport. Mrs. Doris Kibbey is again teaching at the Flat School and Mrs. Doris Farrington who had previously taught in Grantham is now teaching the primary grades at the Village School.

### Repairs and Improvements

The interior of the Flat School was painted during the summer. At the Village School, an oil burner has replaced the wood stove and new fluorescent lights were installed. (The Inspector of the State Board of Health has commended the town for making these improvements.)

### State Aid

Under the provisions of the State Aid formula, Croydon is this year receiving \$8,353.88 from State Aid funds. This is an increase of \$2430.00 over the amount of \$6123.88 which was received the previous year.

Croydon received 100 per cent of the State Aid for which it qualified, whereas many of the communities receiving State Aid were pro-rated and received approximately 70% of the total for which they qualified.

Since there was a drop of about ten pupils in total membership for the last completed school year (1955-56), a reduction has been made in the estimated amounts of revenue to be received from State Aid in the School Budget for 1957-58.

In terms of picturing the local tax effort for schools as compared to total town expenditure, the following figures supplied by the State Department of Education may be of interest:

School District	Percentage of Total Property Tax Assessment Designated as School Assessment
Cornish	57.16%
Charlestown	65.89%
Croydon	45.13%
Enfield	63.79%

Grantham	67.91%
Newport	55.43%
Unity	62.56%

These figures would seem to indicate that Croydon is spending a somewhat smaller part of the local tax dollar on schools than other surrounding communities. A part of this is likely caused by the fact that Croydon is not paying toward any school building project.

### **Recommendations**

An article is included in the Warrant to consider closing the Flat School and to send the upper grade pupils to Newport. (The Comparison Budget Sheet gives an estimated budget for running both schools and for closing one school.)

If upper grade pupils were sent to Newport, they would have the following:

1. Only pupils in a single grade in the room.
2. Services of a Music Supervisor
3. Services of Rinehart Handwriting Supervisor
4. Physical education classes for students in Grade 7 (and 8)
5. Home Economics for girls, and Shop for boys in Grade 7 (and 8)
6. Hot Lunch Program available

The decision about sending the upper grade pupils to Newport is yours to make. From all I can gather, both parents and pupils of the eighth graders who have gone to Newport for the past two years have been pleased with the results. The Croydon pupils have actively entered into the affairs of the school.

Your decision on this issue should consider what is best for the pupils.

Respectfully submitted,  
GORDON B. FLINT  
Supt. of Schools

## REPORT OF HELPING TEACHER

---

Servicing the five districts of Supervisory Union 43 (Newport, Sunapee, New London, Springfield, and Croydon), the position of Helping Teacher as defined by law and by personal conviction, continues to pursue these goals: (1) giving helpful advice and assistance to teachers, pupils, and parents of a school system as a means of improving educational growth and development of children; (2) helping to solve pupil problems of retardation and maladjustment; (3) helping to meet the needs of children and the community through curriculum study; and (4) acting as a general consultant to the entire staff in recognition of educational needs.

The cooperation and encouragement given me by all school personnel with whom I come in daily contact have constantly helped me to keep in focus and seek the fulfillment of these broad objectives. The following briefly reviews some of the responsibilities I have been happy to share:

1. **TESTING PROGRAM** — Test scores, whether taken from tests of readiness, aptitude, mental ability, or achievement, are meaningful only to the extent they are used to guide the educational growth and development of children. To this end, increased efforts have been made to interpret results of tests in determining and fulfilling needs and interests of children.

2. **CLASSROOM VISITS** — Visits are made with an established purpose and make it possible to share the physical, emotional, and educational atmosphere of the classroom. Follow-up conferences with teachers are intended to exchange ideas, review general observations, and to promote instructional improvement, especially with new teachers and experienced teachers in new positions.

3. **RESOURCES AND MATERIALS** — These are essential in providing enrichment in teaching, with greater interest and learning for pupils. Through letters, bulletins, samples, or other memoranda, a variety of teaching aids, notices, and announcements are called to the teachers' attention.

4. GROUP MEETINGS — Whether a formal staff meeting, an informal chat with a teacher, participation in P-TA discussions, or attending educational conferences, such meetings cover a variety of topics and are aimed at reviewing principles of teaching, improving instruction, or interpreting the school program.

5. AUDIO-VISUAL AIDS — A considerable increase in interest and use of filmstrips as a powerful teaching aid has prompted plans for adding new filmstrips to our library. In terms of cost, time, space, and educational value, the filmstrip is leading the way as an effective audio-visual aid to teaching.

The work of helping teachers is interesting, varied, and constantly alert to new and better ways of helping teachers to help children. The cooperative spirit of all teachers and the mutual interest in the best education for all make the work of Helping Teacher a purposeful pursuit.

Respectfully submitted,

ALPHONSE J. SOUCY

Helping Teacher
